I open my eyes and I reach for the telephone
you say you've had a change of heart
and now I'm all alone
I gave you my time, my love and my money too
but all I ever did was not enough for you

Tell it to my face cause I've had enough, o oh!

I'm still alive, no matter what you do to make me cry
I'm still alive, even though your love was just a lie
I'm still alive, I can take whatever you might try
I'm still alive, I don't intend to waist anymore time
Still Alive!

I gave you my heart, my soul and my credit card
but now that all our love is spent we are miles apart
I gave you the keys to my new BMW
but all your promises were lies and I believed in you

Leavin you behind now I'm moving on, o oh!
I'm still alive, no matter what you do to make me cry
I'm still alive, even though your love was just a lie
I'm still alive, I can take whatever you might try
I'm still alive, I don't intend to waist anymore time
I'm still alive!

It's been growing for awhile
and now you're gonna let me slide.
I'll be alright all by my self.
And I'm sure that you do to,
so lets leave yeah lets move on

I'm still alive, no matter what you do to make me cry
I'm still alive, even though your love was just a lie
I'm still alive, I can take whatever you might try
I'm still alive, I don't intend to waist anymore time
Still Alive!
