(Feat. Carlos Santana)

Since the moment I spotted you  
Like walking 'round with little wings on my shoes  
My stomach's filled with the butterflies... Ooh, and it's  
alright  
Bouncin' round from cloud to cloud  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you'd know I'd lied

Everytime I try to talk to you  
I get tongue-tied, turns out  
Everything I say to you  
Comes out wrong and it never comes out right

So I'll say why don't you and I get together and take on  
the world and be together forever  
Heads we will and tails we'll try again  
So I say why don't you and I hold each other and fly to  
the moon and straight on to heaven  
'Cause without you they're never going to let me in

When's this fever gonna break?  
I think I've handled more than any man can take  
I'm like a love-sick puppy chasin you around  
And it's alright

Bouncin round from cloud to cloud  
I got the feeling like I'm never gonna come down  
If I said I didn't like it then you'd know I'd lied

Everytime I try to talk to you  
I get tongue-tied  
Everything I say to you,  
Turns out wrong it never comes out right

So I'll say why don't you and I get together and take on  
the world and be together forever  
Heads we will and tails we'll try again  
So I say why don't you and I hold each other and fly to  
the moon and straight on to heaven

'Cause without you they're never going to let me in

And slowly I begin to realize this is never gonna end  
Right about the same time you walk by  
And I say 'Oh here we go again' oh

Everytime I try to talk to you  
I get tongue-tied  
Everything I say to you  
Comes out wrong and it never comes out right

So I'll say why don't you and I get together and take on  
the world and be together forever  
Heads we will and tails we'll try again  
So I say why don't you and I hold each other and fly to  
the moon and straight on to heaven  
'Cause without you they're never going to let me in

So I'll say why don't you and I get together and take on  
the world and be together forever  
Heads we will and tails we'll try again  
So I say why don't you and I hold each other and fly to  
the moon and straight on to heaven  
Cause without you they're never going to let me in
