When you take a breath  
But you can't hold it in  
When you try to live  
But don't know where to begin

When there's no hope left  
No place you can go  
Well, just look inside your heart  
Close your eyes and you'll know

It's euphoria  
Out of the blue, into the light  
Let it shine down all over you, yeah  
You gotta give love to get love

In euphoria  
Under the moon, take in the night  
Let each day start yourself anew, yeah  
You gotta give love to get love

Like a piece of glass  
That's washed in from the sea  
You can't taste the good  
Unless you're willing to bleed

So just take a chance  
You're ready to fly  
Feel what it is to be alive

It's euphoria  
Out of the blue, into the light  
Let it shine down all over you, yeah  
You gotta give love to get love

In euphoria  
Under the moon, take in the night  
Let each day start yourself anew, yeah  
You gotta give love to get love

It's euphoria  
Out of the blue, into the light

Let it shine down all over you, yeah  
You gotta give love to get love

In euphoria  
Under the moon, take in the night  
Let each day start yourself anew, yeah  
You gotta give love to get love

In euphoria  
You gotta give love to get love  
In euphoria  
You gotta give love to get love

In euphoria  
You gotta give love to get love  
In euphoria  
You gotta give love to get love

In euphoria
