Georgia  
I never knew who you were  
All of the faces on this paper tell me everything

Georgia  
I wish I knew who you were  
If I woke up and you were gone tomorrow how would I  
know

There's only one question  
Do you want Georgia to leave? (No no no)

Georgia  
Nikoll Lekaj doesn't care  
And four other people all called Bob Bob Bob Bob want  
you out

Georgia  
Focus on Daniel Reeve  
Cos just like Christopher he can be your Superman  
tonight

Georgia  
I never met you, but I think I'm in love
