June 23rd 1991

Let loose, I knew you were born to run  
Six zones, one boss, it was all I needed  
Dashing, ring collecting, unimpeded

But now you're everything from half a werewolf to a  
race car driver  
You've lost some weight and your eyes are greener  
than I recall  
And as I understand there was a game where you  
became King Arthur  
Bring back the days when playing Sonic was still cool

Keep your princesses cos  
Sonic doesn't need a story  
He runs fast and gets rings and loop-de-loops his way  
into your heart  
Sega, learn from your mistakes  
Now it's time to sit down and leave out the cutscenes  
Cos we don't care anymore

We accepted Tails and Knuckles too  
Flickies took some time but they were cute  
Chaotix started to push my patience  
Amy Rose was an abomination

His name could be Robotnik, but it could be Eggman,  
what's it matter  
As long as he still has that flying egg machine  
Don't let me play as him or tell me more about his dead  
grandfather  
Just swing his marble ball and chain across the screen

Keep your Olympic games cos  
Sonic doesn't need a story  
He runs fast and gets rings and loop-de-loops his way  
into your heart  
Sega, learn from your mistakes  
Now it's time to sit down and leave out the cutscenes  
Cos we don't care anymore

Don't want Silver  
Don't want Dark Gaia  
Don't want Rouge the bat  
Don't want Blaze the cat  
Don't want Shadow  
Don't want Shadow  
Don't want Shadow  
Don't want Shadow

Hover skates are not the same as running at the speed  
of sound  
Hover skates are not the same as running at the speed  
of sound
