So maybe I was wrong
Maybe I can't take the monotone
Maybe I'm not strong
Maybe I deserve to be alone.

Ask yourself the questions
That you know you just can't answer till tomorrow
Cuz you're scared of your dreams
Try to find the sense in things
You just can't seem to fight away the sorrow
But its not how it seems

Try to understand
I'm still mesmerized and mystified with you
But its no simple plan
Cuz I don't even know what to feel or do

So I'll ask myself the questions
That I know I just can't ask myself forever
Cuz I'll never know
Bite my lip and close my eyes
Maybe I can ask you why tomorrow
But for now
Let me let go

So maybe she was right
Afterall you knew it all along
And you never got your fight
Maybe you deserve to be alone

Ask yourself the questions

That you know you just can't answer till tomorrow
Cuz you're scared of your dreams
Try to find the sense in things
You just can't seem to fight away the sorrow
But its not how it seems
No

Try to understand
I'm still mesmerized and mystified with you
But its no simple plan

Cuz I don't even know what to feel or do

So I'll ask myself the questions
That I know I just can't ask myself forever
Cuz I'll never know
Bite my lip and close my eyes
Maybe I can ask you why tomorrow
But for now
Let me let go

-Repeat-

I'll ask myself the questions
That I've asked myself a thousand times today
But I'll never know
I'll bite my lip and close my eyes
In my dreams apologize
And say

Please
Let me let go.
