Spelled your name out on some foggy glass
I long for past
Times that have passed
The days go by fast since I saw you last
I still remember every moment
Places we went
Letters I sent
Times we spent 'til our heart's content
But I still don't know what it meant

I guess I'm still to blame
I guess it had to die
I guess it'll never be the same
I still don't know why I tried
And now
I guess I don't even deserve
"Good bye"

Once as two but now one and one
It's what I've done
Begun and undone
I hide from the truths and I try to run

Holding hopes that you miss me too
My past with you
I tried to be true
But I guess these words are all overdue

I guess I'm still to blame
I guess it had to die
I guess it'll never be the same
I still don't know why I tried
And now
I guess I don't even deserve
"Good bye"

I guess I'm still to blame
I guess it had to die
I guess it'll never be the same
I still don't know why I tried
And now
I guess I don't even deserve

"Good bye"

I still wish you'd said

"Good bye"
