The scared are the chosen few
Lookin' for the times we knew
Color of the day's gone by
Hang your head up to the sky

The sky, your head's in the sky
The day's goin' by

Fight for the nights you had
All the good take from the bad
Sign up on the dotted line
Payment for the times you died

You die, your head's in the sky
Your head's in the sky
The day's goin' by
Your head's in the sky

The scared are the chosen few
Lookin' for the times we knew
Color of the day's gone by
Hang your head up to the sky

The sky, your head's in the sky
The day's goin' by
Your head's in the sky
The day's goin' by

Your head's in the sky
The day's goin' by
Your head's in the sky
The day's goin' by
