I look at you
you look at me
i know we've been though a long week
but i just want you to know this weeks over

and don't you say a single word
because it will only make this worse
you know I'm right i know I'm right
lets start over

and i will love you, always
that's what i said to her
and she said "you have my heart
so be careful and don't let it get hurt"

i wont let you get hurt

your the only one for me, its true
am i the only one for you
your the only one for me, its true
am i the only one for you

ill throw a party
for something new
and i wont invite
anyone but you
because we know thats
all wee need to have a good time

ill hear your car
and ill hear a knock
and my door will open up
this feels so right
i haven't felt this way in a long time

and i will love you, always
thats what i said to her
and she said "you have my heart
so be careful and don't let it get hurt"

i wont let you get hurt

your the only one for me, its true
am i the only one for you
your the only one for me, its true
am i the only one for you

and i will love you, always
