Dreams are gone another night
Save me from this madness
Save me, wake me, make me feel alive

Days are long, forgotten times
Monday moments every waking day
Between the sun and stars

Tonight is all we have so we better get it right
Tonight is all we know so lets do it all night
Feel the beat, feel the beat
Hold this moment don't let it go, we'll make time gone
slow

Tonight is all we have so we ought to get it right
Better make your move and we'll do it all night
Dance with me dance with me
Save this moment, don't let it end, we'll stop time again

Tonight is all we have
Tonight is all we have
Tonight is all we have

As I gaze into your eyes
I can't stop from asking
How can we make time be on our side

Dreams are gone
Days are long
Between the sun and the stars

Without you, it all seems bad
I wonder how this could be
Shake me, pinch me, happy this isn't fair
Tonight is all we have so we better get it right

Tonight is all we know so lets do it all night
Feel the beat, feel the beat
Hold this moment don't let it go
We'll make time gone slow

Tonight is all we have so we ought to get it right

Better make your move and we'll do it all night
Dance with me dance with me
Save this moment, don't let it end, we'll stop time again

Tonight is all we have
Tonight is all we have
Tonight is all we have
