It's somethin you say to me,
I don't know what it is yet.
It's something you do to me,
I don't know what it is quite yet.
It makes me feel invincible,
No matter what anyone says,
They can't touch me,
And i know you're that one for me,
When you smile.

And in my dream,
I saw this beautiful girl in front of me.
She told me she loved me,
She said she would always be there for me.
And in my dream,
I saw you in front of me.
You said you were sorry.
You said you never meant this to be.

It's somethin you say to me,
I don't know what it is yet.
It's somethin you do to me,
I think it's when you smile,
And put your arms around me,
There's no place i'd rather be then in your eyes.
