Snow falls and I cannot move.
I am frozen inside.
And all I can do is play hide and seek with you.
Cause I can never let you see how I feel.
And I can never let you know what I've done, so

I will try and act like nothing happened,
And you please try and act like you don't need me.
This will be the last time I can tell you that I love you.
But you know that that'll take some time.
It will be some time, till you can see

My heart is not the gift you got at Christmas
The one that you forgot you had by New Years Eve.
It's been broken, it's on fire, it is burning for someone
who is not you.

Just for tonight act like I am yours
And I'll pretend like you belong in my arms.
Tomorrow morning everything is weird
And everything is strange but I promise you

I will try and act like nothing happened,
And you please try and act like you don't need me.
This will be the last time I can tell you that I love you.
But you know that that'll take some time.
It will be some time till I get the nerve to say anything at
all.

And all I can do it play hide and seek with you...
