How come everytime it rains, I think of you?
How come everything things went wrong, I came back
to you again?
I know it kills you to think I'm doing fine,
I meant to ask you how you were, but I really don't care.

It's sick how long you've kept me under your spell.
It's wrong all the time I spent wish to be free.

Take my thoughts out of your mind and let them be
free.
Take everything I bought or gave you and throw it
away, far away.
I hope you go out tonight and have too much to drink
again.
Then you can forget you're without me and when you
wake up you can throw it away, far far away.

It's sick how long you've kept me under your spell.
It's wrong all the time I spent wish to be free.

I know it kills you to think I'm doing fine,
I meant to ask you how you were, but I really don't
care...
