Well I think I
Should stop thinkin' for a little while.
Cause I might find my life is fallin' apart at the seams.
That's what it seems like to me
And it ain't showin' no signs of repair.

Pulled out your picture,
The other day and I saw in your eyes and in your face
You knew exactly what you was gonna do to me.
My only question is,
Why would you prolong the stage?

I'm livin' in my life after you.

Way down the road,
When I see you somewhere in my life
I might do you really miss me?
Well if you don't,
Let me say you should.

I'm livin' in my life after you...
