So you've been talking bout your freedom
The space that you've been needin to live your life
You say that love is inconvenient, but I know that you
don't mean it, from the hurt you hide
So please don't go, I need you to know

That I won't let you walk away
There's words I have to say to stop you now
And I know there's a price to pay, but I'd give
everything to turn you around
You say your conscience has a verdict
But wrong and rights not worth it
When you're living lies
So I won't argue with your reasons
I know that you'll only see the ways that you are right
So just stay with me, for one more moment
So you can see
That I won't let you walk away
There's words I have to say to stop you now
And I know there's a price to pay
But I'd give everything to turn you around

I see your fears have built a prison
Of tangled up intentions, you'll have to choose
Cuz while you're busy second guessing, so pulled in all
directions
I'm losing you
So please don't go
I need you to know
That I won't let you walk away
There's words I have to say
To stop you now
And I know there's a price to pay but I'd give everything
to turn you around
Yeah I'd give everything to turn you around
So please turn around
