You said you'd love me forever... forever... forever...
forever
It's been nine months and twenty days
You fucked it up what can I say
I can't believe I trusted you
I can't believe I wanted you
All your friends they hate my guts
You kissed them all you fucking slut
I can't go on seeing you
I can't go on loving you
And I hope I hope I hope you feel like shit
'Cuz I know I know I know I will not forget
I have a reason to leave you
And a favor to ask you
I have so much hate for you
I never ever ever loved you

So Grab a blade and slit your wrists
Fuck the shit that you just did
I don't give a fuck no more
Now burn in hell you fucking whore

Will you fuck yourself tonight?
Will you suck my dick and die?
Will you fuck yourself tonight?
Will you suck my dick and die?

It's been one day since I've seen your face
I don't know where your lips been
You make me not okay
You make me go insane
And I hope I hope I hope you kill yourself

'Cuz I know I know I know I'll find someone else
I know I promised but I gotta admit
I never loved you, you fucking bitch
I hope he knows you kissed my dick
I hope you know you're full of shit
And you waste my time and tell me lies
Going out and fucking guys
Doing shit I don't know why
I hope that motherfucker dies

Will you fuck yourself tonight?
Will you suck my dick and die?
Will you fuck yourself tonight?
Will you suck my dick and die?

Will you fuck yourself tonight?
Will you suck my dick and die?
Will you fuck yourself tonight?
Will you suck my dick and die?

Fuck
I wanted to marry you
I wanted to spend the rest of my life with you
But you had to fuck everything up
Whatever, fuck
