

## Alexandra Burke "Fire"

Visit "[Fire](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I want you now, like weâ€™re burning in a fervor of fire  
I need you now, cause every second is getting harder,  
harder, harder  
I want you now, now, now, now...

Sweat dripping from my brow, heartâ€™s pumping  
high speed  
Jugging this, water down, but Iâ€™m still thirsty  
Itâ€™s only getting worse, too close to you stand next  
to me, are you warm?  
I feel your clothes sticking to my body, should I take  
'em off  
If I keep staring in your eyes, I might get a little lost  
I'm walking over now it seems the whole room starts to  
cross, Iâ€™m caught in your storm

Whoaa, nothing can cool me down, not how I feel right  
now  
You've got my attention, call nine, nine, nine, itâ€™s a  
problem

I want you now, like weâ€™re burning in the fervor of  
fire  
I need you now, cause every second is getting hotter,  
hotter, hotter  
I want you now, Like weâ€™re burning in a the fervor of  
fire  
3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m,  
5 and I'm on fire

Engines ring in my ears, their heat gonna start to burn  
Come on whisper to me give me chills, with your dirty  
words  
I canâ€™t keep myself away, the separation only hurts,  
How do you feel?  
Whoaa, nothing can cool me down, not how I feel right  
now  
You've got my attention, call nine, nine, nine, itâ€™s a  
problem

I want you now, like weâ€™re burning in the fervor of  
fire

I need you now, cause every second is getting hotter,  
hotter, hotter  
I want you now, Like weâ€™re burning in a the fervor of  
fire  
3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m,  
5 and I'm on fire

Nothing can cool me down, now how I feel right now  
You got my attention, come now, now, now, itâ€™s a  
problem

I want you now, like weâ€™re burning in the fervor of  
fire  
I need you now, cause every second is getting hotter,  
hotter, hotter  
I want you now, Like weâ€™re burning in a the fervor of  
fire  
3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m, 3-4-5 and Iâ€™m,  
5 and I'm on fire
