So you'll say you'll be around
That things are differen now
You tell me all
What I wanna hear
But always let me down
If you think that
Time is stopping
Standing still for you
Well I got some news for you

There's no limit to
The little things
You'll say or do
Just to get your way
To have your cake
And eat it too
I can read you like a book
Now tell me something new
I'm through yeah
I'm through

Can't beleive you'd do me wrong
All the time (And I let you)
It's like our friendships
On the line

There's no damage
You can do to me
I'm through with you
Your tearing me up!
X2 Tearing me up
And if you
Think that you can walk back in
Just turn around
X2 Your tearing me up!
I'm done wasting my time
I'm gonna keep what is mine
There's no damage
You can do to me
I'm through with you
Your tearing me up!
X2 Tearing me up

And if you
Think that you can walk back in
Just turn around
Your tearing me up!

I know I used to be the one
Who'd always do for you
It didn't matter
What it was
You'd wanted
I'd come through
What makes you think
That I'll be waiting,
Always here for you
I'm through yeah
I'm through

Can't beleive you'd do me wrong
All the time (And I let you)
It's like our friendships
On the line

There's no damage
You can do to me
I'm through with you
Your tearing me up!
X2 Tearing me up
And if you
Think that you can walk back in
Just turn around
X2 Your tearing me up!
I'm done wasting my time
I'm gonna keep what is mine
There's no damage
You can do to me
I'm through with you
Your tearing me up!
X2 Tearing me up
And if you
Think that you can walk back in
Just turn around
Your tearing me up!
X Tearing me up

It was the matter
Of the heart
Now our friendship
Don't matter no more
It was the matter
Of the heart
Now our friendship

Don't matter no more
