I feel lucky cause I've got my home
I feel lucky cause I'm never alone
I feel lucky when I sing a song
But I've never been so lucky in love

Have you ever put some salt in your coffee
Have you ever brushed your teeth with soap
Have you ever sang a song in a taxi
Without thinking at all just what they might say

Have you ever felt yourself
As Madonna dancing
Have you ever thought you're gonna go crazy
Don't you worry love is knocking at your door

I feel lucky cause I've got my home
I feel lucky cause I'm never alone
I feel lucky when I sing a song
But I've never been so lucky in love

Have you ever said goodnight in the morning
Have you ever fed your dog with chips
Have you ever spent the night in the moonlight
Looking for back at time that never comes to me

Have you ever cried watching a movie
Have you ever told a lie to your friend
Are you waiting by the phone for that call
Don't you worry love is gonna save the day!

I feel lucky cause I'm falling in love
I'd never thought it could happen to me
I feel lucky cause I'm falling in love
And now I know that this time it's for real!

Yeah!
