Sometimes I thought I gave you more than my life  
I just wanna tell you sometimes  
I thought I gave you more than my life  
Sometimes, sometimes

What's going on with me  
I don't wanna feel this way  
Without a smile upon my face

And if you're leaving now  
I wanna let you know  
That I'll be fine and let you go

Whatever you wonder baby  
Whatever you do!  
Sometimes...

I thought I gave you more than my life  
I just wanna tell you sometimes  
I thought I gave you more than my life  
Sometimes, sometimes...

Don't wanna see me cry  
You got walk away  
Get up and leave me all my space

I live my night and day  
Thinking about the way  
That I believe in God and faith...

Whatever you wonder baby  
Whatever you do!  
Sometimes...

Sometimes  
I thought I gave you more than my life  
I just wanna tell you  
Stop!
