Feel I'm on the verge of some great truth
Where I'm finally in my place
But I'm fumbling still for proof
And it's cluttering my space
Casting shadows on my face
I know I have a strength to move ahead
I can hardly leave my room
So I'll sit perfectly still
And I'll listen for a tune
When the mind is on the moon

And if I stumble
And if I stall
And if I slit now
And if I should fall
And if I can't be all that I could be
Will you, will you wait for me

Cause everywhere I seem to be
I am only passing through
I dream these days about the sea
Always wake up feeling blue
Wishing I could dream of you

So if I stumble
And if I fall
And if I slit now
And loose it all
And if I can't be all that I could be
Will you, will you wait for me

And wait for me
And wait for me
And wait for me
Won't you wait for me
And wait for me
Please wait for me
Please wait for me
Won't you wait for me
And wait for me
Please wait for me
Please wait for me

Won't you wait for me
And wait for me
Please wait for me
Please wait for me
Won't you wait for me
And wait for me
Please wait for me
Please wait for me
Won't you wait for me
Please wait for me
Please wait for me
Please wait for me
Won't you wait for me
