Everywhere I turn
Everythings so complicated
Even though I burn
Everythings so complicated
Even though I'm free
Everythings so complicated
Then I'll just be
Complicated

Chorus
Do I remember yesterday
Is it just like today
Do I feel what's inside
Inside of me
Do I feel the fire burning
Surrounding me Oh
(I feel so complicated complicated complicated 4x)

Everything I see
Is surrounding me
I'm spinning round n round
Can I touch my feet
I don't think I can make it
Cause I feel so complicated

Chorus

Do you know
How I feel
Can you tell
If this is real
I know
That
I can be set free
Oh

Chorus

I feel sooo complicated
