Glass jar
Hold my starlight that shines
Glass jar
Hold my dreams and my mind
Glass jar
Let him see it all now
Don't let me fall and break

Glass jar
Hold the fireflies tight
Glass jar
Hold the moon there tonight
Glass jar
Let them see it all now
Don't let me fall and break

CHORUS:
glass jar
hold me here keep me still
make me handle the fall
help me get through the break
'cause you are the one who has kept me so safe
glass jar
when you turn out the light
glass jar
make my soul shine so bright
glass jar
let me see it all now
don't let me fall and break

CHORUS

glass jar
let him see right through me
glass jar
let me be what I see
glass jar
don't let me fall and break

CHORUS

glass jar

let them see through
see through you
let them see me
see me
the real me
the real me
the real me
the real me
