I saw you with your girl the other day  
The two of you were standing by the door  
I thought- they look good together  
But he should be with me

I've got more feelings  
I am more aware  
That when her hand is inside yours  
I can't even think

CHORUS:  
put your hand in mine  
put your heart in my care  
put your wings around my shoulders

take me away and teach me to fly  
teach me to fly

I'm onna leave this town, gonna leave this place  
I can't even stand to see her face  
You know that  
I would love you better, yes I would love you better

CHORUS

(bridge)  
you don't know what it's like  
you don't know how much I feel inside

CHORUS x2
