(breathe in all the air)

Spinning, arms spread  
Crushing the tops of mountains  
With my hands  
As I dive into the Pacific  
I flood the shorelines

And I exhale  
Causing the oceans' endless waves  
As I emerge  
Shaking the wreckage from my hair  
With my hands

I want to breathe  
Life into the Dead Sea

As this rainforest  
Falls beneath my knees  
I want to breathe  
Life into the Dead Sea

Below, where is your boat?  
You are slow, you are slow

I will play, the sky is black  
Breathe in all the air  
Exhale and choke the land with carbon  
From where I stand  
I can see the curvature of the Earth  
And I want to make it flat

I will play, the sky is black  
I will play, the sky is black
