There's four cruisers flashing in my rear view  
They're not gonna take me out, I'd watch it, what'd you  
do now?  
There's four cruisers weighing on my conscience  
There is one thing for sure, this is not a fucking love  
song

My fear is gone, and still I don't know why  
I waited for so long to let you know  
(I'm not goin' back)  
Now this is all your fault and there's no one left to  
blame  
Did you think we'd make it out? Did you know?

Do you know?  
Oh, yeah

Somewhere out there  
There's a man on the ground who ain't livin' anymore  
And his name is written on my knuckles  
Take me, take my fuckin' burden

There's four cruisers flashing in my rear view  
They're not gonna take me out, I'd watch it, what'd you  
do now?  
In each cruiser is a man with his gun  
And his fancy little bullets with my name on 'em

My fear is gone, and still I don't know why  
I waited for so long to let you know  
(I'm not goin' back)  
Now this is all your fault and there's no one left to  
blame  
Did you think we'd make it out? Did you know?

Hey, hey, ho, ho, wild chase to the open road  
Hey, hey, ho, ho, this car is too fuckin' slow  
Hey, hey, ho, ho, wild chase to the open road  
Hey, hey, ho, ho, this car is too fuckin' slow

Don't know where I'm going, I'm not slowing down  
And I'll die before I stop this fuckin' car

Street lights and white lines  
This is all I have left, this is all I have

A flashing lights and racing hearts  
Will you ever just slow down?  
How did we end up here?  
And all those sirens are getting louder

Flashing lights and racing hearts  
I don't think we're gonna make it out  
(This won't end well)  
Make it out  
(This won't end well)
