Endless whispers, skies that please,
Dogs blood falls to Earth like rain.
Choke the rivers, flood the streets.
Caught in a hell of canine teeth.
New kind of soldier, born of scars,
tracks down the scum and the blood of dogs.
Face my arrow here in the field
Insides will drown, drink their own tears

Howls heard for miles around
(We will all drown, we will all drown)
In dog's blood we will all drown
(We will all drown, we will all drown)
No escape or mercy, from the nomad town
We will all bathe in the blood of hounds

They will hunt them to the last
Time of the mongrel, down to the past
Sterilise you a new scene
Wolves awake from the wreckless train
Born from faith, but the ember will fall
Every new year marks who are born
We will strike with the hands of God
Marks the end of the era of dog

Howls heard for miles around
(We will all drown, we will all drown)
In dog's blood we will all drown
(We will all drown, we will all drown)
No escape, no mercy, through the ruined town
We will all bathe in the blood of hounds

Howls heard for miles around
In dog's blood we will all drown
Howls heard for miles around
In dog's blood we will all drown

Dog's blood
Dog's blood

Dog's blood

(Howls heard for miles around)
Dog's blood
(In dog's blood we will all drown)
Dog's blood
(Howls heard for miles around)
Dog's blood
(In dog's blood we will all drown)
