I, I guess, the only thing cheap to you was your friends
You can always make new friends
oh well oh well
But when you sell them out will they be worth as much?
(oh no)
[2x]

Now this bridge is ashes
It might as well have never been built
It might as well have never been built
And the river that it crossed
Looks like an ocean now, looks like an ocean now

Times change and people change with them
Some people love to play the victim
(Love to play the victim)
You threw caution to the wind
Washed away these few last years for nothing
(Was it all for nothing)
Keep it on wax

Your not the only one
Who's had to make sacrifices
who's had to make sacrifices
And time won't heal shit
When you got your hands in my pocket
When you got your hands...

Kick, Kick, Kick

Scream, Scream, Scream
It wont change a goddamn thing
It don't change a god damn thing
Kick, Kick, Kick
Scream, Scream, Scream
[2x]

I, I guess, the only thing cheap to you is your friends
I guess, the only thing cheap to you is your friends [3x]

OOOHHH, what a fucking shame
OOOHHH, that you had to mess things up this bad

Times change and people change with them
Some people love to play the victim
(Love to play the victim)
You Threw caution to the wind
Washed away these few last years for nothing
(Was it all for nothing)

It's gone, it's gone
There's nothing left
Keep it on wax
[2x]
