I walked down the staircase
a magnetic pull
Back to the other place
where I cannot go

shush.....

I'm sending a chopper
to steal you away
Let it go
Let me take control (x2)

The pot is full
secrets to be told

secrets to be told

Darling I am here always
And always will

The pot is full
so let me take control
let me take control
The pot is full
secrets to be told (x2)

O-oooh (x6)

I walked down the staircase
a head full of pills
