Harry, Harry
Oh, not again Harry

That's the trouble with Harry
He plays this tune
And he plays this tune
And he plays this tune
Nobody ever could carry

Here it comes again
Look out

That's the trouble with Harry
Aw, come on, Harry
Play some other song, Harry

You can't fool me
That's the same song again, Harry

Harry

Harry, Harry
The people would like
To hear Beautiful Dreamer

All right, Harry, that's all
You're fired, Harry

Too late, too late, Harry
You're fired, get out

Harry, Harry
Don't take the piano with you
Harry, Harry, Harry
That's the trouble with Harry
