Lately I've been feeling kinda strange  
Everything I start ends in disaster  
And I know that I can not complain  
Cuz I know what I was going after  
You don't know me  
Sometimes i could get attached  
Even if you gone take her back  
I know you don't wanna  
Cuz you told me  
That's not where u belong  
You wish that I was the one  
You had in the beginning

I get so excited  
Can't even fight it  
I wonder what in this world would I do  
I get so emotional  
Thinkin bout you letting me go  
I don't wanna be without you  
Can I keep u

I try to let u heal your heart before  
Before I fell for you and wanted more I  
I must admit  
Its selfish to say  
I want u now (2X)  
I know there are chances  
Of being a rebound  
But I still want you around  
That's the way it is  
I guess so

I get so excited  
Can't even fight it  
I wonder what in this world would I do  
I get so emotional  
Thinkin bout you letting me go  
I don't wanna be without you  
Can I keep u

Believe me it crossed my mind

At least like a million times  
Should I let it go  
Or should I tell you the truth  
I know you can't be my man  
Under the circumstance  
But until then  
I want you as my friend cuz I like you  
My lover cuz I need you  
My friend to keep you  
How can I have you oh

I get so excited  
Can't even fight it  
I wonder what in this world would I do  
I get so emotional  
Thinkin bout you letting me go  
I don't wanna be without you  
Can I keep u
