This song's about a friend  
A friend I've known since I was a child  
He and I would talk about our lives  
And what we thought love was all about  
He was my boy  
I love that boy to death and  
Even now not much has changed  
Except for how I see him with my heart  
Cause now my eyes don't see the same

But he has no idea  
How I feel inside  
So I go on with my foolish pride  
Walking away  
Though deep inside  
I wanna stay

This day I was prepared  
And so vulnerable as I could be  
But when he stopped by  
I couldn't even speak  
Cause of what stood right in front of me  
To my surprise  
He brought along someone  
Oh some random chick that he just met  
As usual I smiled and shook her hand  
Covering up my heart again

Cuz he has no idea  
How I feel inside  
So I go on with my foolish pride  
Walking away  
Though deep inside  
I wanna stay

But he has no idea  
How I feel inside  
So I go on with my foolish pride  
So I go on all alone at night  
So I go on living knowing it aint right  
So I just let my heart continue to hide  
Knowing my heart is so empty inside

I know he should be here by my side  
I should be holding him instead of my pillow tight  
But my foolish pride  
Makes me walk away  
Though deep inside  
I just wanna stay  
Ooh  
Though deep inside  
I wanna stay
