I am the walking dead heartbreaker... my apologies...
I'm happy you'll never understand...
What it's like to be... trapped under six feet of...
Solid glass... I can see out, but no one gets in...

Screaming at the prison...
I've locked myself into..
I'm sorry that I'm still breathing...
And that I'll Kill again...

But the loneliness is too much... for me to handle.
The taste of fresh blood... pushes me on.

I.. told myself.. the con..stant pain..
Could ease..the tension... burning inside..
But the nights... were cold... and the days... dragged to
weeks...
I will die... here alone... I will die..

The fear of romance.
The pain of living.
The joy of sorrow.
The strength of not forgiving.(2x)

God help me... I'm so tired...
But in my dreams... the wolves eat out my soul...
God help me... I'm so frightened...
But in my dreams... the wolves tear out my heart...

I used to be golden... a saint in a time of sorrow...
But then the turning came... and I kissed the sun
goodbye...
Don't you get it... it's always darker in my eyes,
The screams of my brothers.. egging me on.
