

Atomship "Aliens"

Visit "[Aliens](#)" on MotoLyrics.com

I, I, I am the alien
(I am the alien)
Sitting on my front porch step

Whittling without a care
(Whittling without a care)
Sitting in this rocking chair
I am the alien

I believe, I believe

Aliens
Aliens

We are the aliens
(We are the aliens)
Standing here with our hands down, down

Whittling without a care
(Whittling without a care)
We're sitting by this rocking chair
We are the aliens

Aliens
Aliens

Sitting and waiting and waiting
And watching and watching and waiting
'Cause I am the alien

Wishing and hoping and hoping
And praying and praying and hoping
That we are the aliens

Hold me down to the floor
Chains and whips you wish for more
Hold me down to the floor
'Cause we are the aliens
