Time entails the sun to hesitate  
Clinging on and off again  
Picture all the children as they walk on by  
Clean into the front yard

Falling in and out of sync  
With him in the ground, I see  
Promises I have broken  
Shadows creep along the window

The window sill, drowned by the rain  
Swallow the pill, it kills the pain

Freeze frame, capture it  
The stars fell from the sky  
In my hands they pulsate

And to the night they're shattered on the front line  
The Devil knows where they hide  
Into the ground he passes by and the  
[Incomprehensible] dies  
Before I, before I make it home

The window sill, drowned by the rain  
Swallow that pill, kills the pain

Plastic people, paper skies  
Plastic people, paper skies  
Plastic people, paper skies

To my hands they pulsate  
In my hands they pulsate  
In my hands they pulsate  
In my hands

The window sill, drowned by the rain  
Swallow that pill, it kills the pain  
The window sill, drowned by the rain  
Swallow down the pill, it kills the pain

Plastic people, paper skies  
Plastic people, paper skies

Plastic people, paper skies
