(Intro)

First I just wanna say to ya,
It might not mean much
But I realize this stuff?

(Verse 1)

So dumb I was, to let my temper get the best of me
And I... was wrong, though it may be too late to say
anything
But now that you're gone, I miss the best thing that
ever happened to me
You was everything I need? oooohhhh?.
I tried to go on
Living this life without ya
Everyday, it grew colder
Life seem harder without ya
I tried to bare the pain
But accepting is just too much
I'm longing to feel your touch again ?. Ooooooh?

(Chorus)

Foolish pride, forced you out of my life,
Being to much of a man to say I'm sorry and apologize
Now I'm realizing late, I hate (?) to push you away
You were there, you were there, you were there, you
were there

I'll admit there's a base, I should've changed that
would've made us better
You could point the blame but ways put the best behind
us
I wish I could turn back time and make everything so
right between you and I (Woah)
I can't, so please, give me another chance girl
You're all I need, I'll do anything girl
So forgive me, 'cause I'm dying with all my selfish ways
And girl, I'm not the same
I'm sorry baby?

(* Repeat Chorus)

(Bridge)
Girl, I know
You gave me every opportunity to love you so
But I was so blind to see
Now that I've learned
Baby, it hurts
And I need you in my life
Need you in my life

(* Repeat Chorus 2x)

(Outro)
No, no, no...
You were there, you were there, ohh...
I'm such a fool and I lost you
But all I need is another chance?

Oh babe, Oh baby,
Oh babe, Oh baby,
Oh babe, Oh baby,
Oh babe, Oh baby,
Oh babe, Oh babe,
Oh baby girl, ohh...
