Don't go

Don't go, please stay (2x)

If I got on my knees and I pleaded with you
Not to go but to stay in my heart
Would you walk out the door
Like you did once before
Or Would this time be different please stay

Don't go, please stay don't go

If I call out your name like a prayer in the night
Would you leave me alone with my tears
Knowing I I need you so
Would you still turn and go
Or would this time be different in someway

Don't go, please stay don't go

You took me away from the rest of the world
When you taught me to love you like this
Now I hang my head in the canyon of doom
And I still can be saved by your kiss

If I got on my knees and I pleaded with you
Not to go but to stay in my heart
Would you walk out the door
Like you did once before
Or Would this time be different would you stay

Don't go, please stay don't go

You took me away from the rest of the world
When you taught me to love you like this
Now I hang my head in the canyon of doom
And I still can be saved by your kiss

If I call out your name like a prayer in the night
Would you leave me alone with my tears
Knowing I I need you so
Would you still turn and go

Or would this time be different in some way

Don't go, please stay don't go (2x)

Please stay
