Always running free
Always running free

Always running free
Always running free

I won't be the hare
I won't be the hound
I'll take my share of the ups and downs
I am everyone
I am everywhere
I am homeward bound yeah

Neither hare nor hound
Will I ever be
Running from the pack
From the enemy
Never looking back
Never refugee
Always running free
Always running free

I won't be the name on the lost and found
I'll play my game I don't come around
I am everyone
I am everywhere
I am homeward bound yeah

Neither hare nor hound
Will I ever be
Running from the pack
From the enemy
Never looking back
Never refugee
Always running free
Always running free

I won't make a noise
Not a single sound
I ain't got no voice but I'll stick around
I am everyone
I am everywhere

I am homeward bound yeah

Neither hare nor hound
Will I ever be
Running from the pack
From the enemy
Never looking back
Never refugee
Always running free
Always running free

I won't be the name on the lost and found
I'll play my game I don't come around
I am everyone
I am everywhere
I am homeward bound yeah

Neither hare nor hound
Will I ever be
Running from the pack
From the enemy
Never looking back
Never refugee
Always running free
Always running free

I won't make a noise not a single sound
I ain't got no voice but I'll stick around
I am everyone
I am everywhere
I am homeward bound yeah
Neither hare nor hound
Will I ever be
Running from the pack
From the enemy
Never looking back
Never refugee
Always running free
Always running free

Aahahlways
I say always,
Running...
