Smooth rad mover Came in far to closer Don't Stroke
my silver skin I know no Way Keeps on snaking Deep
deep within me Gives me such good Hand relief Don't
touch me Gin mixed him nicely in Stroke it in my skin
Watch my soul slip in Fits nicely Blue brightly Fits nicely
Squeeze my bones When I'm stoned Blue brightly Fits
nicely Squeeze my bones When I'm stoned Sucked his
hands Raw red Sucked his fingers 'til they bled Then I
took him in my boudoir And there we wept Locked
inside him Wrapped my hair around him Don't do that
Cos it tickles me in my Blue brightly Fits nicely Squeeze
my bones When I'm stoned Blue brightly Fits nicely
Squeeze my bones When I'm stoned
