Red is calling in the dead of night  
I can hardly wait  
Head is spinning I just don't feel right  
Something that I ate

Saw you falling fell from so high  
And go easy if you please  
Heard me calling but I don't know why  
And then crawling on my knees

We've all the things we ever wanted  
But I still want more  
Got all the things I ever needed  
Screaming at my door

It's just me again  
Only me again  
It's just me again  
Only me again

See me running I can run so far  
Don't touch me 'cause I bleed  
Saw you falling like some fallen star  
Like fodder for the feed

We've all the things we ever wanted  
But I still want more  
Got all the things I ever needed  
Screaming at my door

It's just me again  
Only me again  
It's just me again  
Only me again

So blown, so real  
Hold me and dream  
Don't go, just leave  
Come to believe

We've all the things we ever wanted  
But I still want more

Got all the things I ever needed  
Screaming at my door

It's just me again  
Only me again  
It's just me again  
Only me again
