Oohhhhh

[Verse 1]

Wake up early in the morning
and the first thought is cater to you
(ooh ooh ooh oooohhh)
A cold kiss on a goodbye
Sometimes you don't call
you're late coming home
It's all about you
(ooh ooh ooh oooohhh)
Before you regret it
Give us some credit
Or one day you'll look up
and she will be gone

[Chorus]

oooooh she loves you oh
sometimes so much that it hurts
(ooh ooh ooh oooohhh)
she needs to hear
ya constantly say those three words
mmmm I love you

[Verse 2]

shopping sprees taking trips
expensive bags all of that
yeah it's all good (good)
but see what you don't know
when i love you is mutual
ain't no limit to what she'll do (what she would do)
(ooh ooh ooh)
don't take her for granted
give her some credit or one day you'll look up
and she will be gone

[Chorus]

oooooh she loves you oh

sometimes so much that it hurts
(ooh ooh ooh oooohhh)
she needs to hear
ya constantly say those three words
oh oh I love you

she's dedicated

no what she puts you first boy

but all you gotta do is tell her what she's worth

the simple things that she like

have you sleeping good every night

verbal affection and

oooooh she loves you oh
sometimes so much that it hurts
(ooh ooh ooh oooohhh)
she needs to hear
ya constantly say those three words
oh oh I love you

you better tell her
i love you
say it like you mean it
i love you
She need to hear it 24/7 365
i love you
So say it like you mean it
i love you
You better tell her
i love you

oooohh oooh yeahhh
