I'm sittin here, starin at the wall
Ain't nobody here, but me the tv and the dog
I just can't fall back, I needa call back
I just need you to understand where my heart is at

Only been a couple hours since u been gone
But it feel like a couple years and that's way too long
It's gettin' hard for me, can't shake this offa me
I'll give up my whole world if you accept this apology

And I would give up everything the houses and the cars
Different chicks in different area codes, they can have
it all (yee)

Broken promises, I'm a fix them, right all the wrongs
Gimme one more chance to show you I'm a better man
(hey hey)

O yes, I'm done with all the trickin and the lies (hey hey)
I'm through with these boys, I'm breakin off all ties
Broken promises I'm a fix them, right all the wrongs
Gimme one more chance to show you I'm a better man
I'm a better man, I'm a I'm a better man
I'm a better man, I'm a I'm a better man

I realize lately what I was on
Now I started here been hard since u been gone
Them chicks was nothing nah
Cause your my girl picture us together,
White picket fences and a baby boy
Baby it was something I hadda get out my system
Now that u are here no I don't really miss them no
You know you the truth, I can't live without you
When you left, you took a piece of me
Now I make a plead ohh

And I would give up everything the houses and the cars
Different chicks in different area codes, they can have
it all (yee)

Broken promises, I'm a fix them, right all the wrongs
Gimme one more chance to show you I'm a better man
O yes, I'm done with all the trickin and the lies (hey hey)
I'm through with these boys, I'm breakin off all ties
Broken promises I'm a fix them, right all the wrongs

Gimme one more chance to show you I'm a better man
All my fellas out there, hear me out
Turn the radio up, and sing it loud
Tell her that you really love her
She's all you'll need
Talk about it, reconsider before she leaves

All my ladies, hear us out
Turn your radio up, before you bounce out
Now we really love ya, you're all we need
Think about it, reconsider before you leave

And I would give up everything the houses and the cars
Different chicks in different area codes, they can have
it all (yee)
Broken promises, I'm a fix them, right all the wrongs
Gimme one more chance to show you I'm a better man
(hey hey)
O yes, I'm done with all the trickin and the lies (hey hey)
I'm through with these girls, I'm breakin off all ties
Broken promises I'm a fix them, right all the wrongs
Gimme one more chance to show you I'm a better man
I'm a better man, I'm a I'm a better man (I'm a better
man)
I'm a better man, I'm a I'm a better man (I'm a better
man)
I'm a better man, I'm a I'm a better man (I'm a better
man)
I'm a better man, I'm a I'm a better man (I'm a better
man)
I'm a better man, I'm a I'm a better man (I'm a better
man)
