I, I, I just wanna, I just wanna, I just wanna dance
Just wanna dance, wanna party,
Wanna drink, have fun, wanna dance,
Wanna party, wanna dance,
Gave you every piece, every part of me,
I gave all the love that I have,
I still can't believe the way you're playing me,
Ohh, I wish that we've never met.

Chorus:

You took my heart, turn into pieces,
Love me .. and for no reason,
'cause you just took advantage of my love for you
come easy,
Like a â€¦,like this think I bleed,
Don't look above,â€¦'cause â€¦
To come ..my love away,
Don't look aboveâ€¦but I don't care,
Call me paper, call me paper.
Call me paper, call me paper,ohhh.

You told me my emotions got the best of me,
With all the promises that you made,
I try to get reality from ..,
And love â€¦all the damages and say.

2 x Chorus:

You took my heart, turn into pieces,
Love me .. and for no reason,
'cause you just took advantage of my love for you
come easy,
Like a â€¦,like this think I bleed,
Don't look aboveâ€¦'cause â€¦,
To ..my love away,
Don't look aboveâ€¦but I don't care,
Call me paper, call me paper.
Call me paper, call me paper, ohhh.
