Here I am again, different circumstance, traveling the
same road
Smile that never last, friends that turn to past
But I can let go
You're so beautiful, beautiful, beautiful
And it gave me every time

Yeah
You're so beautiful, beautiful, beautiful
So hard to say goodbye
So please understand girl
I wanna be with you
But I don't think God said so
I wanna be with you
But I don't think God said so
Waking up with you
What a perfect view
That's not meant for me
Staring in your face, know I'm in your way,
I should let you breath
You're so beautiful, beautiful, beautiful
And it gave me every time
And I know I need to let you go
You're so beautiful, beautiful, beautiful
So I just say goodbye
So please understand girl
I wanna be with you
But I don't think God said so
I wanna be with you
I do, I do
But I don't think God said so
Don't wanna search, waisting my time
In the wrong the places, I need Him to guide me
I don't wanna brake any more hearts
Wile I'm wait to find you
I wanna be with you
But I don't think God said so
I wanna be with you
I really be with you, I really wanna be with you
But I don't think God said so
I wanna be with you

But I don't think God said so
I wanna be with you
But I don't think God said so
