Verse 1

Here we go again, you're interrogating me, asking who
is she to me stop this!

We going through this a hundred of times you think
that my replies gonna change

All this being slick going through my phone tryna think
of some wrong it ain't cool

Like I told you before you're the only one I'm checking
for no one

Bridge

Then my conscience sais to me: How are you gonna
keep this up, with her?

Cause she's mount you find you out - I wish you would
stop, could you leave me alone?

All this lying gonna catch up with you- I wanna have the
kink a need her to

So I'ma tell a lie I usually use

Chorus

She's just a friend to me (poooh), why you getting
upset it's not like that (It's not like that)

She's just a friend to me, I'm not be creeping around
I'm not like that

She's just a friend to me, she's just one of my chicks
we go with- back (uuuh)

She's just a friend to me, why you getting upset it's not
like that

Verse 2

You ain't listening this stop screaming for a minute let
me tell you what it is

What we got here is something really nice, try to worry
bout no other chick

I'm damn serious, only you fool don't realize what you
got and put it at risk

Now that I told her what she needed to hear, we make
up

Bridge

Then my conscience Sais to me:

How are you gonna keep this up, with her?

Cause she's wise to find you out - I wish you would
stop, would you leave me alone?

All this lying gonna catch up with you- I wanna have the

kink a need her to
So I'ma tell a lie I usually use:
Chorus
She's just a friend to me (oooh), why you getting upset
it's not like that (It's not like that)
She's just a friend to me (oh girl), I'm not be creeping
(creeping) around I'm not like that
She's just a friend to me, she's just one of my chicks
we go with- back (uuuh)
She's just a friend to me, why you getting upset it's not
like that

I wish that I could just break down and tell the truth
But I don't want vest up the consequence
When I look into her eyes I know that I don't wanna
loose the best thing I've known
So I keep on saying:
She's just a friend to me (oooh), why you getting upset
it's not like that (It's not like that)
She's just a friend to me (oh girl), I'm not be creeping
(creeping) around I'm not like that
She's just a friend to me, she's just one of my chicks
we go with- back (uuuh)
She's just a friend to me, why you getting upset it's not
like that
Repeat till end
