I'm sick about this woman
I can live alone
...that won't brake up this happy home
What we build it's like a ...
Every girl I lay down ...

But I love when she's yearning, calling up my name
It's a .. to give up, give up, give up,
I thought I was done with this
But they keep calling me
... day and night
Don't wanna brake up
I knew when ... that I will hurt you, I will broke your heart
I should be honest and just told you
I'm my father son, I'm my father son
And told you I'm my father son, I'm my father son

..
I should told you, girl apologize
Cause I should told you, I'm my father son, I'm my
father son
And got away with words
I'm my father son, told you
I'm my father son, told you
I'm ok with words telling you the same things I'm telling
her

...
Saving all the things you wanna hear
And most of it I don't mean it
It's hard to fight with this demons
Ooh
I love you God know I do
I am cheating you, that's the ugly truth
The sound I hear every time, it's my father, forgive me
Ooh
Girl I know it when I took your heart
That I will lie to you and brake your heart
I should be honest and just told you
I'm my father son, I'm my father son
And told you I'm my father son, I'm my father son
..
I should be honest and just told you

I'm my father son, I'm my father son
And told you I'm my father son, I'm my father son

..

So many times I look at you and I just to tell you
But you was to deep in
Even when I know I wasn't fair to you
I just couldn't tell you
The I baby ..
And I lay in different legs

....

Girl the same thing that I do to you, the same thing that
I do to you
Ooh
Baby forgive me ...

...

Cause I'm so sorry
So please forgive me, I'm so sorry baby
Girl I knew that I will brake your heart
That I will lie to you and heart you
I should be honest and just told you
I'm my father son, I'm my father son
And told you I'm my father son, I'm my father son
All of this....
Girl I'm apologise
I'm my father son, I'm my father son
