Ooooooh)

Yeah

Yeah

Yeah

Yeah

Yeah

Verse 1

It was a story for love

For love things that we dream of

Filled with fiction make believe (make believe ooh)

Your were so one of a kind

There's no words that could deifne

Girl you meant the world to me

Hook

And girl I gave my love,

I gave my love

And you just broke my heart

In two, in two

And now I gotta start

Again, again

So baby this is it

Girl this is it

Chorus

It's officially over

It's officially over

There aint nothing you can say

That can fix your wrong

It's officially over

It's officially over

There aint nothing you can say

That can fix your wrong

It's officially over

Verse 2

You pretended the whole time

What you told me was a lie

All our old times passin by

(Oooooaaahh)

And it's too late to she'd tears

Coz there is no love left here  
The only thing left is to say goodbye

Hook  
And girl I gave my love  
I gave my love  
And you just broke my heart  
In two, in two  
And now I gotta start  
Again, again  
So baby this is it  
Girl this is it

Chorus  
It's officially over  
It's officially over  
There aint nothing you can say  
That can fix your wrong  
It's officially over  
It's officially over  
There aint nothing you can say  
That can fix your wrong  
It's officially over

Bridge  
There's nothing we need to talk about  
And I don't wanna work it out  
Girl you told me lies, brought me down, wasn't true  
For that reason girl I gotta be leaving you  
There's nothing we need to talk about  
And I don't wanna work it out  
I aint gon' front girl you made a grown man cry  
There's only one thing to do

Chorus  
It's officially over (its officially ooooooverrrr)  
It's officially over  
There aint nothing you can say (wooahh)  
That can fix your wrong (that can fix your wrong)  
It's officially over  
It's officially over  
There aint nothing you can say (nothing you can say)  
That can fix your wrong  
It's officially over

(Its offical)

There aint nothing you can say (nothing you can say)  
That can fix your wrong  
It's officially over  
(X4)

It's officially over
