[Verse 1:]

Some call me the best  
I prefer the beast  
Either way when I get my hands on you I'm a put you to  
sleep  
By giving you love, you won't get enough of,  
By conrollin' the situation, leavin' you layin' there  
shakin'  
But this time you tellin' me it's goin be different  
Gonna give you love that I've never experienced  
You goin' run a show, and take the lead  
We goin' switch it up, with you on top of me

[Chorus:]

And you got me sayin' ohhh, ohhh  
Never felt like this makin' love  
And I'm like ohhh, ohhh  
Never experienced this makin' love  
Cause I'm callin' your name like,  
And you all have a friend like,  
We will switch positions late night, in the day  
Got me screamin' out, ohhh, ohhh  
This is what it feels like makin' love

[Verse 2:]

I gotta confess, damn you the truth.  
It's the fact when you sayin' ain't no girls better than  
you,  
It's only been 10 minutes, this our first put up  
I get diminished early, from when I say I'd cum  
And I promised I'd call, before I show'd up  
Thought I can handle it babe, but it's your hands too  
much  
Which you takin' control, and switchin' up and you on  
top me

[Chorus:]

You got me sayin' ohhh, ohhh  
Never felt like this makin' love  
(I never felt...)  
And I'm like ohhh, ohhh  
(No, no, no, no, no, no...)

Never experienced this makin' love  
(Ohh baybehhh...)  
Cause I'm callin' your name like,  
And you all have a friend like,  
(Friend like...)  
We will switch positions late night, in the day  
Got me screamin' out, ohhh, ohhh  
(Oooooohhhhhhhh...)  
This is what it feels like makin' love

Girl you got me like, oh, oh, oh, oh  
And I want it more, more, more, more  
Baby take it slow, slow, slow, slow  
Gotta let you know, know, know, know

[Chorus:]

And you got me sayin' ohhh, ohhh  
(And you got me sayin' ohh baybeh...)  
Never felt like this makin' love  
(Not this way, no, no, ohh, ohh...)  
And I'm like ohhh, ohhh  
Never experienced this makin' love  
(Never...)  
Cause I'm callin' your name like,  
And you all have a friend like,  
(Friend like...)  
We will switch positions late night, in the day  
Got me screamin' out, ohhh, ohhh  
(Oooooohhhhhhhhhhhh...)  
This is what it feels like makin' love

Girl you got me like, oh, oh, oh, oh  
(Yea... you make meh...)  
And I want it more, more, more, more  
(You make meh, you make meh...)  
Baby take it slow, slow, slow, slow  
(You make meh...)  
Gotta let you know, know, know, know
