I've been moping 'round here for the past few days
I've turned my phone off and haven't even bathed
I'm looking like a mess - that's all my girl would say
I need to make a move but I can't

Cause... keep playing in my mind
Trying to forget but my memories stuck on rewind
Walking away ain't so easy to do
It's become even harder cause my legs won't move

I'm stuck in this position
I'm trying to get up and leave
But she left me crippled
Can't believe how she got me
I feel like I'm disabled
I don't know where to go
So I'll just be sitting
Cause this chick got me froze
And now she got me paralyzed - I'm stuck in one
place
I'm so I'm so paralyzed won't go another day
And now she got me paralyzed - I'm stuck in one
place
I'm so paralyzed

Can't pull myself together
Or get nothing done
Just the thought of you not being here is way too much
Tearing me up inside
Lost my will, my pride
Wish I could take a clock and turn back the time

Cause... keep playing in my mind
Trying to forget but my memories stuck on rewind
Walking away ain't so easy to do
It's become even harder cause my legs won't move

I'm stuck in this position
I'm trying to get up and leave
But she left me crippled
Can't believe how she got me
I feel like I'm disabled

I don't know where to go
So I'll just be sitting
Cause this chick got me froze
And now she got me paralyzed - I'm stuck in one
place
I'm so I'm so paralyzed won't go another day
And now she got me paralyzed - I'm stuck in one
place
I'm so paralyzed

[Talking]

I'm stuck in this position
I'm trying to get up and leave
But she left me crippled
Can't believe how she got me
I feel like I'm disabled
I don't know where to go
So I'll just be sitting
Cause this chick got me froze

I'm stuck in this position
I'm trying to get up and leave
But she left me crippled
Can't believe how she got me
I feel like I'm disabled
I don't know where to go
So I'll just be sitting
Cause this chick got me froze
And now she got me paralyzed - I'm stuck in one
place
I'm so I'm so paralyzed won't go another day
And now she got me paralyzed - I'm stuck in one
place
I'm so paralyzed

And now she got me paralyzed - I'm stuck in one
place
I'm so I'm so paralyzed won't go another day
And now she got me paralyzed - I'm stuck in one
place
I'm so paralyzed
