You're my life source  
It'll be too far  
apart i can't breathe  
i need you cus' you are my air  
cus' you are my air  
it's more than just love,  
joined at the hip,  
i find in someone  
feel what you feel  
the love is so real,  
this love is so real  
i can't live without you

so if i had to make a choice  
to live with you or have no voice,  
and this would be the last song to sing  
(the last song to sing)

whats a piano with no keys?  
what is a song with no melody?  
a heart without a beat,  
they need each other to be complete  
and you're that one thing that do it for me(do it for me)  
do it for me(do it for me) whoa  
whoa  
one, one, one, one(can't live without) x3

so passiona-ate  
physical,  
the experience is spiritual,  
i was made for you,  
i know i was made for you,  
what life is now, wasn't back then  
animated, and now it exists,  
it's all because of you  
that's why i can't live without you

so if i had, to make, a choice  
to live with you, i have no voice  
and this would be the last song to sing

what's a piano with no keys?

what is a song with no melody?  
a heart without a beat,  
they need each other to be complete  
and you're that one thing that do it for me(do it for me)  
do it for me(do it for me) whoa

one, one, one, one(can't live without) whoa x3

...

whats a piano with no keys?  
what is a song with no melody?  
a heart without a beat  
they need each other to be complete  
and you're that one thing that do it for me(do it for me)  
do it for me(do it for me) whoa  
x 3
